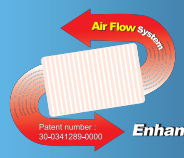
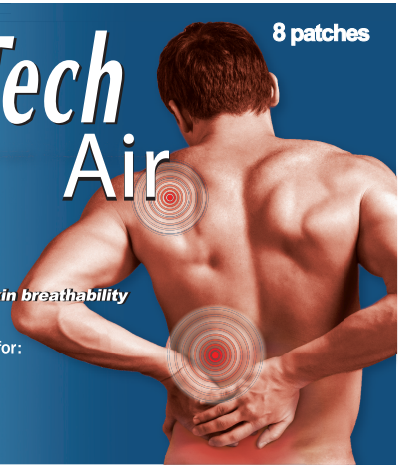
KefenTech Air

Ketoprofen 30 mg

8 patches



Enhanced skin breathability



Relief from pain and swelling for:

- arthritis
- backache
- strained muscle
- joint pain

KefenTech Air

Each patch (10cm x 7cm, 2.36g) contains :
Ketoprofen ·····30mg

Ketoprofen is a medicine that is used to relieve pain and swelling. KefenTech plaster is designed to deliver Ketoprofen through the skin to the target area, providing relief for arthritis, tennis elbow, muscle ache, sports and exercise related injuries such as sprains, strains and bruises.

How to use :
Remove film-coated thin paper backing from lint fabric, then apply lint fabric to the affected part twice daily.

Caution:
Some users may experience skin reactions such as redness, dryness and irritation.
Very rarely, hypersensitivity reactions (breathing difficulties, skin hives) may occur; discontinue use and consult your doctor.

Asthmatic patients, children, expectant and breastfeeding mothers are advised to consult a doctor or pharmacist before use.

Do not use if allergic to ketoprofen, non-steroidal anti-inflammatory painkillers (NSAIDS) or aspirin.
Avoid contact with eye, mucous membranes, wounds and broken skin.
Not to be used with other dressings.
Not to be used on infected skin.
Do not use for more than 2 weeks unless directed by a doctor or pharmacist.

Store at or below 30℃, away from direct sunlight.
