

# Daneuron™

## Composition :

Each film coated tablet contains :

- Vitamin B1.....	100 mg
- Vitamin B6.....	200 mg
- Vitamin B12.....	200 mcg

## Pharmacology :

Vitamin B1 is one of the so called neurotropic vitamins.

In the body, it will be converted to thiamine pyrophosphate, which functions as a coenzyme in the carboxylation of piruvic acid and ketoglutaric acid. Vitamin B6 functions as an important coenzyme in the metabolism of various amino acids, carbohydrates and lipids.

Vitamin B12 is converted to coenzyme B12, which takes part in the formation of proteins and nucleoprotein.

Myelin sheath of nerve fiber is synthesized from lipoprotein. Formation of lipid component of the myelin sheath requires the conversion of methyl malonate to succinate, this reaction needs coenzyme B12. The three vitamins (B1, B6 and B12) constitute the neurotropic vitamins, which possess the efficacy to normalize disturbed function of the nervous tissue.

## Indications :

DANEURON promotes effectively the treatment of pain due to disturbance of the peripheral nerves such as lumbago, neuritis, polyneuritis, post-herpetic neuralgia. It is also effective in the treatment of hyperemesis gravidarum and during the convalescent period of disease.

## Dosage and Administration :

One film coated tablet daily, it can be increased up to 3 film coated tablets daily as required.

## Contraindications :

Non reported so far.

## Side effects :

In very rare cases, an allergy on account of vitamin B1 is possible with injectable solution.

Long-term administration of large doses of vitamin B6 (pyridoxine) is associated with the development of severe peripheral neuropathies. Therefore, regular monitoring is recommended under long-term treatment.

## Drug Interactions :

Patients under L-dopa medication should not receive drugs with high amount of vitamin B6 as the latter leads to a reduction in the dopa effect.

## Packing :

Box contains 10 x 10 film coated tablets in aluminium strips.

## Authorized Drug No :

Singapore : SIN12077P

Malaysia : MAL08010693XZ

Revision date : February 2023
